

# *7th Assignment*

## *Texture Discoveries*

**Search for interesting textures. Experiment with three ways of reproducing them: Do a series of prints of actual textures, a series of rubbings of actual textures, and a series of drawn textures.**

**The finished project should consist of three 11x14" sheets with a minimum of five different textures per sheet (one sheet with prints, one with rubbings, etc.) These works should also be achromatic. These projects need not be mounted.**

*Previous SAU Student Examples:*

*Rubbed Textures*

*Stamped Textures*

*Drawn Textures*
